The Ohio Library and Information Network (OhioLINK) is a consortium of 120 Ohio college and university libraries and the State Library of Ohio. Columbus State’s Library is also a member.

As a Columbus State student, you can search the OhioLINK Library Catalog and request available materials from other member libraries.

You can access the OhioLINK Catalog directly from the Library’s website (library.cscc.edu) by clicking on the Find Books & More tab and then OhioLINK Catalog.

You can search by keyword, title, author, subject, call number, or other numbers, such as a book’s ISBN.

If the item is at a nearby institution, you have the option to visit the library to directly check out the item with your Cougar ID. Click the green Request button to place your request.
• Select **Columbus St CC** as your institution and click the **Submit above information** button.

• Next, enter your **first and last name** and your **Cougar ID number**.

• **Pickup Institution** defaults to **Columbus State CC**, but you can pick up your item at any OhioLINK library.

• For **Pickup Location**, select either the **Columbus Library** or the **Delaware Learning Center**.

• After submitting your request, you will be notified of the lending institution and if the request was successful. *Please allow **five to seven business days** for the item to arrive.

If an item you found while searching the Columbus State Library catalog is unavailable, you can click on **Search OhioLINK** to see if the item is available at another library.

For more information, visit OhioLINK’s website at [www.ohiolink.edu](http://www.ohiolink.edu).
