Library Tech Guide: Embedding a YouTube Video in PowerPoint 2013

1. Find the YouTube video that you would like to embed.
2. Locate the web address or URL of the YouTube video you want to use.
3. Highlight the web address with your mouse, right-click, and select Copy.
4. Open PowerPoint.

5. Choose the slide where you would like to insert the video. Click on the Insert tab.
6. On the top right, in the Media group, click the down arrow under Video. Select Online Video from the drop-down menu that appears.

7. Right-click your mouse and click Paste to copy the web address from YouTube into the box that appears or perform a keyword search within the YouTube box for a video that suits your topic.
8. Hit the Enter key.
9. Click on desired video to select. Click Insert.

9. Click Play to preview the video.
