Organization or Group as Author:

Notes:
♦ Invert all authors’ names: Last Name, First Initial. Middle Initial for up to and including seven authors.
♦ Use an ellipses (…) when there are eight or more authors: include the first six authors’ names, insert the ellipses and then add the last authors name.
♦ If the author is an organization or group, spell out the full name followed by a period.
♦ Capitalize only the first word of the article title and of the subtitle; capitalize proper nouns and acronyms.
♦ Capitalize all words with four or more letters in the periodical title.
♦ Maintain the punctuation and capitalization for the periodical title that is used by the journal:
  ◇ ReCall NOT Recall or RECALL
♦ Provide the DOI (digital object identifier) for the article, if one has been assigned.
♦ If no DOI has been assigned, provide the homepage URL of the journal - if you are accessing the article through a database, do not include the database information.
♦ Do not add a period after the URL or DOI.
